**DR. RANDOLPH'S SANITARIUM**
JACKSONVILLE, FLORIDA

*Registered and Approved by A. M. A. Council on Medical Education and Hospitals*

NERVOUS AND MILD MENTAL CASES

Sunny corner rooms. Home atmosphere emphasized. Utmost privacy. Number of patients limited to insure maximum individual attention.

RESIDENT NEURO-PSYCHIATRIST

Delightful suburban location—Fifteen minutes to city amusements — Forty minutes to the beaches.

JAMES H. RANDOLPH, M. D.
323 St. James Building, Jacksonville, Florida
Phone Jacksonville 2-2330

*Behind*

MERCUROCHROME
(dibrom-oxymercuri-fluorescein-sodium)

H W & D *is a background of*

Precise manufacturing methods insuring uniformity

Controlled laboratory investigation

Chemical and biological control of each lot produced

Extensive clinical application

Thirteen years' acceptance by the Council of Pharmacy and Chemistry of the American Medical Association

A booklet summarizing the important reports on Mercurochrome and describing its various uses will be sent to physicians on request.

# THROAT CONGESTION
## (AS ASSOCIATED WITH SMOKING)

**"After smoking the diethylene cigarette for from three to four weeks the congestion had disappeared in 62.3 per cent and the throat looked normal. The other 37.7 per cent showed considerable improvement."**

*Some Clinical Observations on the Influence of certain Hygroscopic Agents in Cigarettes.*
Laryngoscope, 1935, XLV, 149-154★

SEE ALSO
*Pharmacology of Inflammation: III. Influence of hygroscopic agents on irritation from cigarette smoke.*
Proc. Soc. Exp. Biol. and Med., 1934, 32, 241-245★

The results reported in these papers find a practical application in Philip Morris cigarettes, in which only diethylene glycol is used as the hygroscopic agent. To any Doctor who wishes to test them for himself, the Philip Morris Company will gladly mail a sufficient sample on request below. ★★

For exclusive use of practising physicians

*Economical* 5-lb can of Cocomalt for hospitals institutions and schools

ACCEPTED AMERICAN MEDICAL ASSN. Committee on Foods

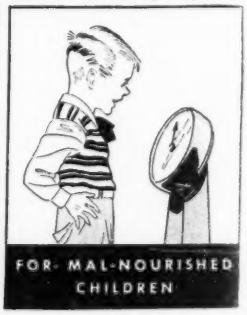
# HIGH IN FOOD-VALUE
## *—low in price*

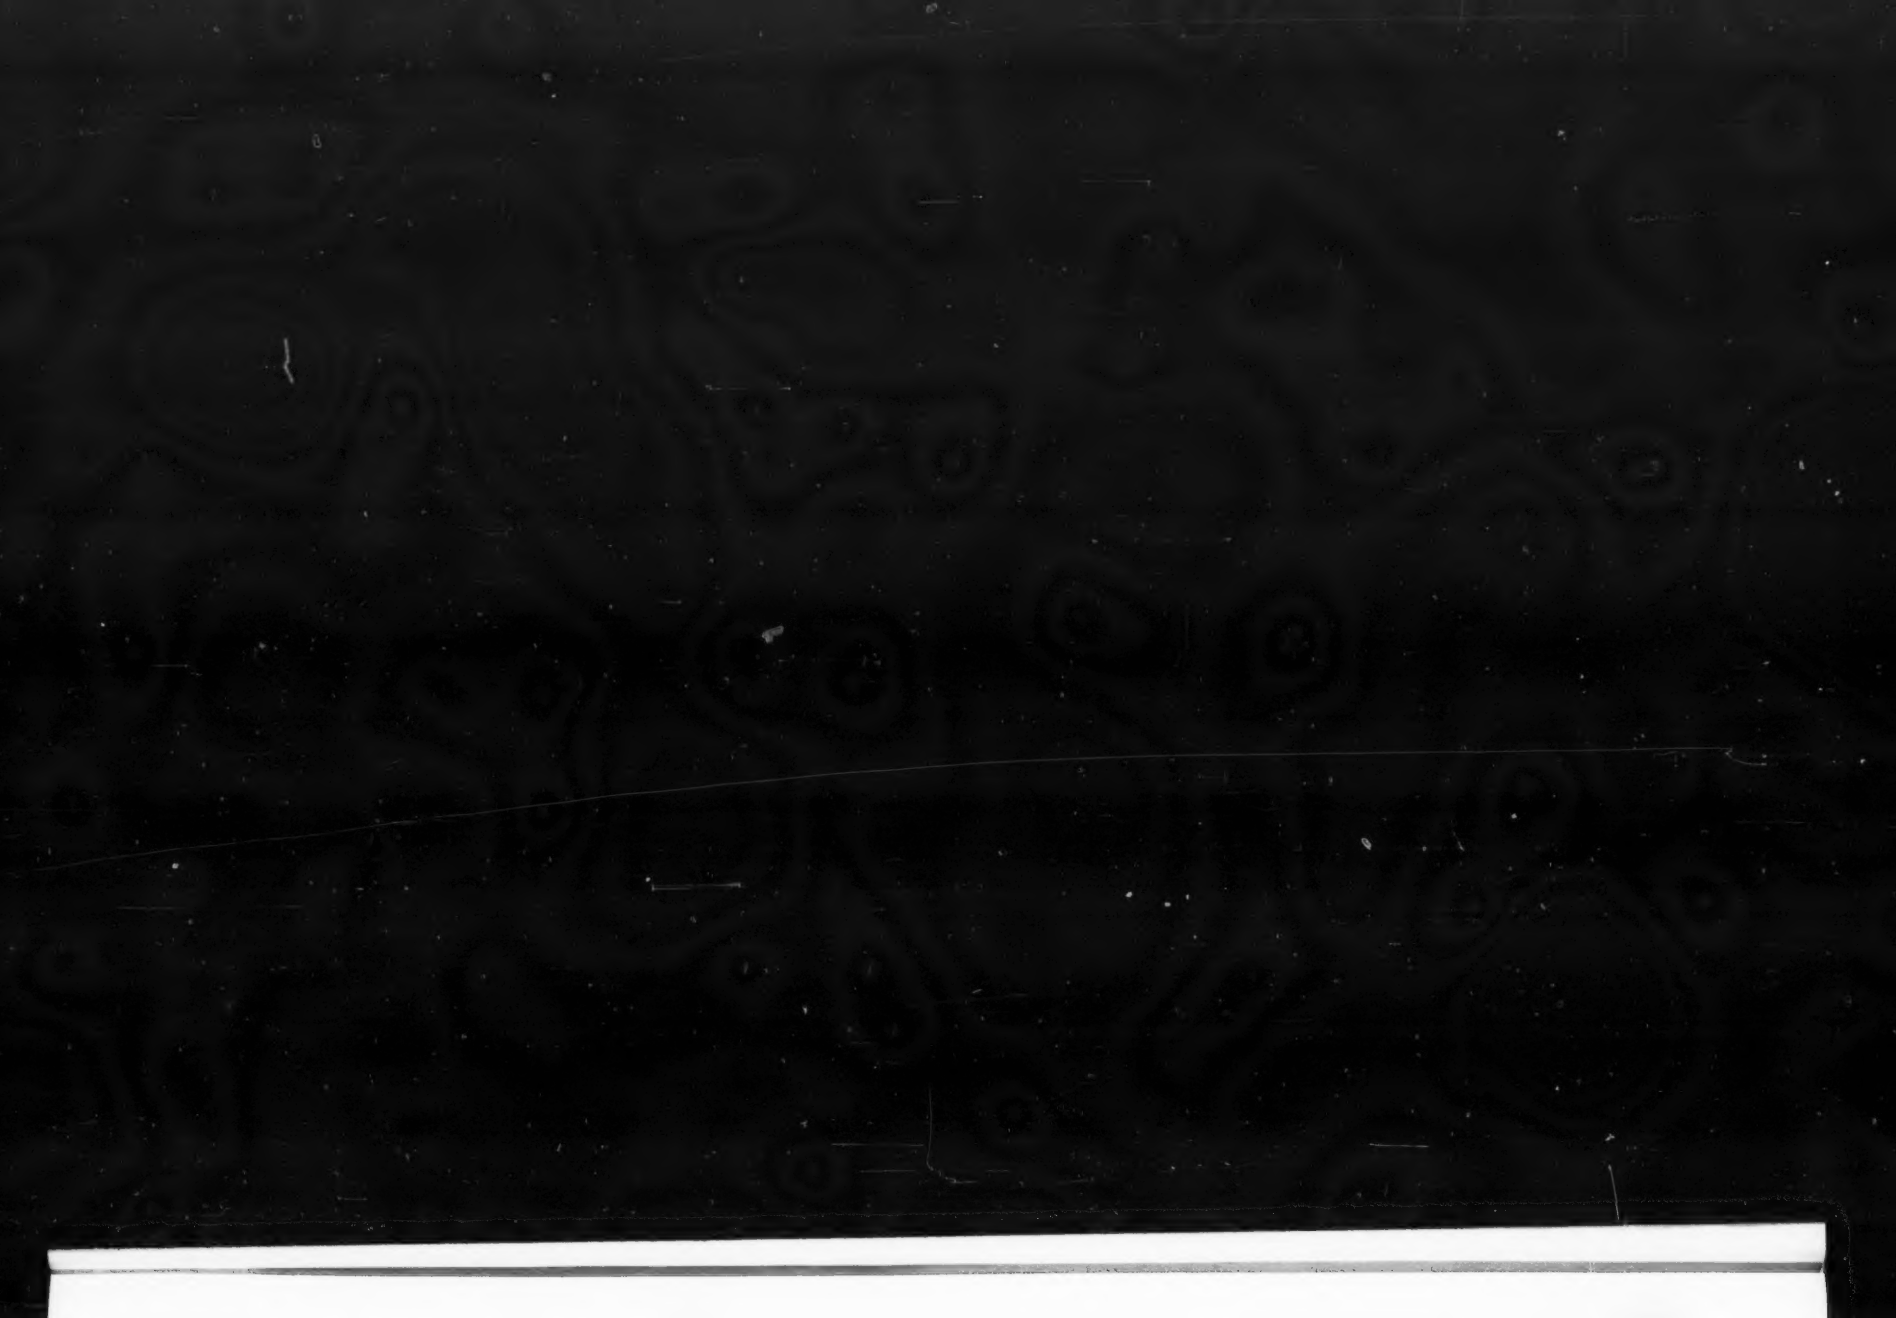
COCOMALT is available in 5-lb. cans, at a special price, for hospitals and other institutions.

This delicious food-drink is high in caloric value—rich in Vitamin D—easily digested and quickly assimilated. Mixed with milk as directed, it adds 70% more food-energy value. It increases the protein content 50%, carbohydrate content 170%, calcium content 35%, phosphorus content 70%.

Cocomalt is accepted by the Committee on Foods of The American Medical Association. Prepared by an exclusive process under scientific control, Cocomalt is composed of sucrose, skim milk, selected cocoa, barley malt extract, flavoring and added Vitamin D (irradiated ergosterol). (30 Steenbock—81 U.S.P. revised—units of Vitamin D per ounce of Cocomalt.)

Sold also in ½-lb. and 1-lb. air-tight cans, at grocery and drug stores.

### *Free to Doctors*




For a sample can of delicious Cocomalt, send your name and address to R. B. Davis Co., Dept. S-46 Hoboken, New Jersey.
